

Our Medical Leadership:

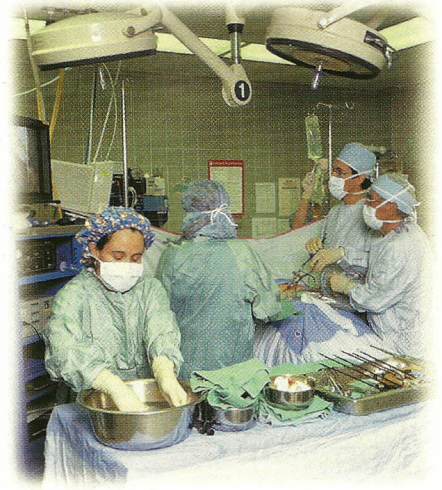

William Osler Health Centre has more than 640 physicians across our three hospital campuses. We have expertise in many program areas including: obstetrics and gynaecology, pediatrics, surgery, mental health, family medicine, general medicine, emergency medicine.

Our Staff and Volunteers make a difference:

At William Osler Health Centre, our dedicated and caring staff and volunteers are committed to meeting the needs of every patient.

We have more than 3,800 caring staff that work as a team to provide patients with the best health care services.

Our more than 1200 volunteers help to make our patients' hospital visit as

comfortable and pleasant as possible, and raise funds to assist in the purchase of medical equipment. For information regarding the volunteer programs, please call Volunteer Resources at the Campus nearest you.
